# Contact Information

At General Structures, Inc., we have a non-traditional approach to managing our relationship with you. We call it “Inside Out.” This allows us to create a deep understanding of your organization — how you operate and what you need from us to be successful with our product line. Our team knows a lot about poles (some may say they know more than anyone should). Lean on us for the information and support you need.

## PARTNER RELATIONS MANAGEMENT

Support for the overall needs of our relationship with your agency — from managing your sales goals and contract, PoleVault™ inquiries, marketing collateral requests, and making sure your team is properly trained so everything runs as smoothly as possible.
